EDUCATIONAL BACKGROUND

The University of Melbourne 02/2024 - present
Master of Landscape Architecture Anticipated graduation date: 02/2027
Weight. Average: 69 (Calculated: 11/2024)

Beijing Forestry University 09/2018 - 06/2022
Bachelor of Ornamental Horticulture
GPA: 85.5/100
Honors: Beijing Forestry University Student Club Activity Scholarship 10/2021

INTERSHIPS

L&A Design Beijing Branch, Beijing 22/05/2023 - 12/12/2023
Designer Assistant
Deeply involved in 6 projects, which including 2 commercial block projects, 2 living community projects, 1 municipal facilities project, and 1 cultural tourism project (Details next page).

Wuxi Xiejing Horticulture Co., Ltd., Jiangsu 04/07/2022 - 30/03/2023
Designer Assistant
Designed and constructed residential gardens, completed 3 garden design projects in Jiangsu.

China Academy of Urban Planning and Design, Beijing 04/01/2021 - 29/02/2021
Designer Assistant
Used GIS for village planning and design in Baoting, Hainan, and completed spatial control maps and land use control planning maps for 4 villages.

CURRENT COURSE INVOLVEMENT

GIS In Planning, Design & Development (74/100)	Plants in the Landscape (84/100)
Landscape Studio 3: Speculations (75/100)	History of Landscape Architecture (67/100)
Shaping the Landscape	Landscape Studio 1
Contemporary Landscape Theory	Ecology for Design
	Landscape Studio 2
	Constructed Ecologies

SKILLS

Proficient

Rhino | SketchUp | Enscape | Vary | AutoCAD | Photoshop | GIS | Office | Handwork

Beginner

3ds Max | Comfy UI | Stable Diffusion

Certificate of Internship

This certificate hereby confirms that Sun Qianlong (National ID No. 11011120000606861X), a student majoring in Ornamental Horticulture at Beijing Forestry University, successfully completed an internship at the Third Innovative Design Institute of L&A Design Beijing Branch from May 22, 2023 to December 12, 2023.

During his internship, Sun Qianlong held the position of Landscape Architect Assistant and was deeply involved in six projects. These included 2 commercial block projects: Landscape Design of Xiamen Guomao Baoli Commercial Project and Landscape Design of Ganzhou Shuixi Old Street Project; 2 Living community projects: Landscape Design of Plot 1607-036 of Beijing New Shougang International Talent Community (North Core Area) and The Urban Renewal Project of Shichang Road in the Core Area of Beijing Daxing New District; 1 municipal facilities project: Landscape Design of Chang'an Automobile Industrial Park in Shijiazhuang; 1 cultural tourism project: Mount Wuyi National Park No.1 Scenic Road International Design Creativity Competition. His job responsibilities included but were not limited to:

1. Landscape Design of Xiamen Guomao Baoli Commercial Project (Landscape design area: 57563 m²)

(1) The post-service process: Communicated with the client to exchange ideas, made revisions to plans and models, design of streamlined benches, pavement design, water feature design, and design of children's playgrounds under big banyan.

2. Landscape Design of Ganzhou Shuixi Old Street Project (Landscape design area: 16817.1 m²)

(1) The conceptual design process: Collected materials, organized data, clarified concepts;

(2) The design development process: Deepening the landscape plan of the entrance square, water feature design, and was responsible for making models, floor plans, analysis diagrams, and rendering drawings for specific plots.

3. Landscape Design of Plot 1607-036 of Beijing New Shougang International Talent Community (North Core Area) (Landscape design area: 28831 m²)

(1) The design development process: Discussed plans, prepared reporting documents, participated in reporting meetings, and made revisions based on client's requirements. Conducted specialized research, including design of small municipal manhole covers, conversion of chimneys into recreational facilities, conversion of industrial facilities into benches and sculptures, design of low-carbon gardens, design of signage and information boards, chimney conversion into coffee shop architecture, design of underground exquisite courtyards, lighting design, pavement design, landscape wall design, water feature design.

4. The Urban Renewal Project of Shichang Road in the Core Area of Beijing Daxing New District (Landscape design area: 16615.7 m²)

(1) The design development process: Conducted on-site surveys, collaborated with colleagues to build models, discussed plans, prepared reporting documents, participated in reporting meetings, and made revisions based on client's requirements. Conducted specialized research, including trash can design, landscape wall design, External decoration of electrical box design;

(2) The post-service process: selected materials, communicated with manufacturers to discuss construction details, communicated with the construction team to adjust construction details, communicated with the municipal department about manhole covers and pipeline plans, and assisted the post-service project team in completing construction drawings.

5. Landscape Design of Chang'an Automobile Industrial Park in Shijiazhuang (Landscape design area: industrial park 180632 m², expropriated green space 60000 m²)

(1) The conceptual design process: Participated in workshops to propose plans, and was responsible for making models, floor plans, analysis diagrams, and rendering drawings for specific plots. Collaborated with designers to complete reporting documents;

(2) The design development process: Conducted specialized research, including design of spiritual fortresses, parking lot design, design of signage and information boards, landscape entrance design, sentry box design;

(3) The post-service process: Communicated with the client to exchange ideas, made revisions to plans and models.

6. Mount Wuyi National Park No.1 Scenic Road International Design Creativity Competition

(1) The bidding document preparation process: Participated in workshops to propose plans, collected materials, organized data, clarified concepts, and was responsible for making models, floor plans, analysis diagrams, and rendering drawings for specific plots. Collaborated with designers to complete reporting documents.

7. Completed work handover upon resignation.

We wish Mr. Sun Qianlong every success in his future academic and career endeavours.
